SUNDARA VIGNESH E

Full Stack MERN Stack Developer

Chennai, Tamil Nadu | +91-8015440059 | drvignesh005@gmail.com | LinkedIn | GitHub

PROFESSIONAL SUMMARY

Full Stack MERN Stack Developer with 6 months of professional experience in MongoDB, Express.js, React.js and Node.js, building responsive, user-friendly web applications. Strong understanding of JavaScript, TypeScript, RESTful APIs, frontend development, backend integration and database management. Experienced in JWT authentication and authorization, role-based access control (RBAC), Redux and Context API state management, payment workflows, dashboards and application deployment on Vercel and Render. Skilled in debugging, performance optimization and writing maintainable code, with a strong problem-solving mindset and a Bachelor's degree in Computer Science.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, Python
Frontend: React.js, Next.js, HTML5, CSS3, Tailwind CSS, Responsive Design, TanStack Query, Frontend Development
Backend: Node.js, Express.js, RESTful API Development, Middleware, CRUD Operations, API Integration, Backend Integration
Database: MongoDB, Mongoose, Supabase, Database Schema Design, Database Management
Authentication: JWT, Authentication, Authorization, RBAC (Role-Based Access Control)
State Management: Redux, Context API
Tools & Deployment: Git, GitHub, Postman, Swagger, Vercel, Render, Stripe API, Razorpay API, VS Code, Cursor, Claude
Additional Skills: Debugging, Performance Optimization, Deployment, Web Application Architecture, Problem Solving, SDLC
Familiar With: LLMs, RAG, Embeddings, Vector Databases

PROFESSIONAL EXPERIENCE

Jr. Full Stack Developer | Korkai Technologies, Madurai **June 2026 – Present**

- Developed secure RESTful APIs with JWT authentication and RBAC, managing 5+ user roles across client-facing and internal MERN applications.
- Built full-stack CRUD modules with Redux state management, contributing to 3 production deployments with zero post-launch critical defects.
- Integrated React.js frontend components with backend RESTful APIs and third-party services (Stripe, Razorpay payment workflows).
- Designed MongoDB schemas using Mongoose and performed CRUD operations for scalable data management.
- Debugged issues, optimized application performance and wrote maintainable code; used Git/GitHub for version control, and Postman and Swagger to test and document API endpoints.
- Collaborated with developers and team members across the software development lifecycle (SDLC).

INTERNSHIP EXPERIENCE

Full Stack Developer Intern | Abserve Tech Pvt Ltd **July 2025 – Feb 2026**

- Built responsive user interfaces with React.js and integrated them with REST APIs for MERN-stack applications.
- Worked on backend services with Node.js, Express.js and MongoDB, and used Git/GitHub for collaborative development and Postman for API testing.

PROJECTS

SalesTrackLive – Salesperson Tracking **Live Site**

- Developed an end-to-end salesperson tracking system to track and manage sales team activities.
- Built RESTful APIs with Node.js, Express.js and MongoDB, implementing JWT authentication, authorization and role-based access control (RBAC) for admin and salesperson roles.
- Developed responsive frontend interfaces integrated with backend APIs to track salesperson location, attendance and visits, deployed live and tested with Postman.

ECMAS – E-commerce Website **Live Site**

- Developed responsive Next.js pages for an e-commerce website, including the product catalogue and combo offers, covering herbal and wellness product categories.
- Built separate business-plan pages for the EQUIVANTA Binary Plan and ASCEND 360 Repurchase & Leadership Plan, keeping each plan's content independent.
- Implemented site navigation and informational modules with a link to the member portal.

JCE CareHome – Carehome Management Platform **Live Site**

- Developed responsive Next.js interfaces for a carehome management platform, built with reusable and maintainable components.
- Integrated frontend modules with backend REST APIs and handled application state for a smooth user experience.

EDUCATION

B.E. Computer Science Engineering | KLN College of Engineering, Sivagangai **May 2026**
Bachelor of Engineering in Computer Science | CGPA: 7.8 / 10

HSC (Class XII) | St. Michael's Matric Hr. Sec. School, Madurai **2022**
Percentage: 70%

ACHIEVEMENTS & CERTIFICATIONS

- LeetCode: Solved 190+ problems across arrays, strings, recursion and dynamic programming.
- HackerRank Certified: Problem Solving (Basic), Java (Basic), Java (Intermediate).
- Participated in IRP innovation and research activities; completed a hands-on project with certification.
